Another get together for members. Everyone is welcome from novice to experienced wallers, so come and enjoy a day out. Master wallers will be on hand to assist and advise. We work from 9am to 4pm. There is no charge and we would like lots of people to be there.

You will need to bring weatherproof clothing, strong boots, work gloves and a hammer; also please bring your own refreshments.

This map is not to scale and is merely to give an idea of the location. Those with SatNavs are strongly advised to use them as we cannot accept any responsibility for those who get lost! Otherwise please look at a Google map, Google Earth or an Ordnance Survey map before setting out.
